## Use of electricity and water

Unlike in our other parks, we charge you separately for your use of public utilities (water, gas and electricity), based on actual use during your stay. Consumption is automatically (digitally) measured and at the end of your stay you pay at the park in Danish krone. The rates for using public utilities are: Electricity DKK 2.75 per kWh (around € 0.37 /kWh). Water DKK 10,4 per 0.1 m<sup>3</sup> (around € 1.4/0.1 m<sup>3</sup> water). Electricity DKK 1.95 per kWh (around € 0.26/kWh). Prices subject to change. Example: for normal use during a week's stay for four people, the average charge is € 130.

## Plug

In Denmark, a continental plug with two pins is used. Most plugs are not earthed, so an adapter may be useful.

## Bed linen and towel packs

On arrival, there is a pack for each guest containing sheet, duvet cover and pillow case.

## The bungalows

Most of our bungalows are private property, so they do not all look alike. The bungalows all have their own unique charm and interior design.

## Parkshop

In the Parkshop, you will find everything you need. Start the day with freshly baked bread from the local baker and choose from the wide range of fresh produce, vegetables, fruit, drinks and snacks and much more!

## Food and drink

Don't fancy cooking this evening? Enjoy fresh pasta and pizzas or a juicy steak at Restaurant Café Lido at the park. The kids can choose their favourite dish from the children's menu. That's delicious and easy dining with the whole family.

# Activities at the park

## Specially for the kids

The changing rooms have changing tables and small baths. You can buy swim nappies at the Parkshop.

## Sports centre

Climbing and clambering on the climbing frame, whizzing down the slides and building sandcastles in the sandpit.

## The park's surroundings

### The beach (400 metres)

The park is just 400 metres from one of the loveliest beaches in Denmark. Uniquely, you can drive or cycle along the beach all the way to Løkken - it's difficult to imagine a nicer car drive.

### The city of Løkken (10 km)

Løkken is a bustling town which has it all: shops, nice restaurants, art and culture and child-friendly beaches.

### Aalborg Zoo (44 km)

You can spend a great day out with the family at Aalborg Zoo. Get up close to the polar bears and African elephants and say hi to dangerous tigers and large orang-utans.

### Nordsø Oceanarium (43,5 km)

Discover the various sea creatures, from catfish to playful seals. Follow the Oceanarium's sea creatures into the depths, once they are fed. Take your family on an expedition on land and in the sea.

### Fårup Sommerland - 59 km from the park

Close to the beach, and yet completely out in the woods, you will find the Fårup Sommerland Amusement Park with more than 60 rides. For the past four years, Fårup has been one of Europe's three best theme parks - and is one of Denmark's biggest tourist attractions with plenty of wild, funny and crazy wet activities for the whole family.
